This priest was charged at Narrabri Local Court in February 1988 with Indecent Assault (5) and Sexual Intercourse without consent (6)

The priest was discharged without a trial.

Broken Rules is having the magistrate investigated by I.C.A.C. on the grounds of conflict of interest.

I have completed this form "assuming" that if the original charge is true there may be "other" cases attributed to this priest. So far none have surfaced although rumors persist
