

REDACTED

Diocese of Parramatta

28<sup>th</sup> September 1990.

Dear Harry,

This is a copy of my latest letter to John Farrell. He had written to ask that his appointment to Kenthurst be renewed. I then spoke with him and this was the decision we reached. He is to be at Kenthurst as a sepply until the end of October. Then his situation is to be reviewed in consultation with you.

I do he requests, with your approval, to stay on here for a further year I shall try to please him. This is not so easy, I find. Those who know him in the seminary are reluctant, not realising perhaps that he has changed much in the meantime. Also, my Consultors impress on me the importance of his returning to his own diocese sooner or later.

I hope you are continuing to enjoy good health. We had a very encouraging Assembly of our priests in September, very spiritually orientated and frank. Only two thirds attended, a loss to them and to us.

My best wishes to you and colleagues, Fr. Tomalini,
