

11 May 1993 - meeting with John Farrell.

He handed me a letter indicating he was moving to leave the freeboard after having consulted with Garry Boyle.

He hadn't acknowledged my letter of 28 December 1992 + "claimed" he hadn't understood the letter. I cannot help think that he is not telling the truth. He will answer my letter by the end of May.

In his letter which I returned to him for more reflection he asked for monetary help (\$500 per month) + \$1000 car allowance + \$75 per visit to psychologist. Claims he missed his scholarship, can't get custody, not any welfare !!

Denial I had asked him to study anywhere but Armidale, but on being pushed had some recall.

Questioned me about my "getting-up" Harry Leo over him. Replied I will not speak to anyone about you except you give me permission to do so.

Comforted him with the fact that he had really done nothing since 1986 to help himself be rehabilitated. He had refused to cooperate with Blaszyński & had not continued his visits (4). I assured him counsel with Garry Boyle would not satisfy me.

He also asked to have a meal at Baledal, to be on clergy mailout.
