Dear Katrina

We'd like to talk to Cardinal Pell about:

The Towards Healing process, the number of victims that have gone through it and what it offers victims

The church's policy of reporting cases of abuse to the police.

The church's policy re the payment of legal costs for pedophile priests

What the church does to actively seek out victims.

The number of suicides linked to abuse by catholic priests and what the church is doing to help those who are suffering in silence

John Farrell, a priest who worked in the Armidale and Parramatta diocese and who met with Brian Lucas, John Usher and Wayne Peters in the Sydney cathedral presbytery in 1992.

The Salesians and their handling of complaints against their priests, in particular, Klep, Ayers and Fox.

Ideally early next week would be best for us as our people in Rome have been busy with the recent earthquake. It'd be good to know in next couple of days when is best for Cardinal Pell.

Thanks so much for all your assistance in organising this.

Kind regards

Mary Ann
