

CONVERSATION WITH REV. FATHER J. FARRELL - 30/12/91

Father John informed me that he has seen Professor Brazinski twice and needs to see him again. My advice to Father John was that he needs to give Professor Brazinski permission to write a report back to me as to his condition and progress.

John tells me that he is quite settled into the parish and wishes to remain there. He has applied for a part-time chaplaincy with the Forces but is still interested in the full-time chaplaincy. I promised him that I would contact Bishop Heather after I received his report.
