CPI

REDACTED

Dear ^{CPI}Police -v- John Joseph FARRELL

I refer to the committal proceedings in the abovementioned matter in which your son ^{CPH} was the complainant. This matter has been under consideration in relation to the possibility of an ex officio indictment being presented against Father Farrell, that is, for him to stand trial despite the finding by the Magistrate. Although such action is rare it is possible.

REDACTED

Yours faithfully,

Director of Public Prosecutions.
