Brian Houston rang me and said that :-

- 1) His father was receiving AOG Restoration Counselling
- 2) The National Executive had met to consider the matter
- 3) A meeting had taken place between AHA and Frank Houston with an elder of CLC present.
- 4) He was very hurt by my letter
- 5) He had shown the letter to 3 executive members at Hillsong.
- 6) His father's memory and health was failing
- 7) His father had been abused as a child.
- 8) He would speak to his mother about a meeting with me
- 9) He (i.e. Frank) has told the truth about what happened
- 10) Any future correspondence to be by 'phone.
- 11) Two executive members had spoken to Maddog Mudford.
- 12) His father is very depressed.

I said:-

- 1) Had he told me he was dealing with it the letter would not have been necessary.
- 2) I requested a meeting with Frank so he could get the resentment out.
- 3) I apologised for the timing of the letter (close to Hillsong)
- 4) AHA has started going back to church.
- 5) I believe in restoration
- 6) I have forgiven his father.

I certify this to be a true
copy of the document shown
