Dear Peter,

Royal Commission into Institutional Responses to Child Sexual Abuse National Register

I acknowledge receipt of your 2 letters dated 9 May 2013 on these two subjects.

I will draw the Directors' concerns to the Royal Commission Working Group which meets on 5 June.

In the next week or so, the National Register Officer, Sue Harvey, will be contacting each relevant director of Professional Standards to make arrangements for final entry on the National Register of Information which has been notified but not yet verified in light of the recent amendment of the Protocol for Inclusion of Information.

Shortly thereafter, it is planned to contact each director of Professional Standards concerning arrangements to enter new Information on the National Register pending completion of the software upgrade. We have investigated accelerating completion of the upgrade but have concluded that there is no effective way to achieve that goal. I understand that the project is proceeding towards completion in the final quarter of this year.

Yours sincerely,
