Subject: Professional Standards Matter - School Complaint

Dear All

I refer to my email of last week regarding a complaint that a school received from the family of an ex-student alleging sexual misconduct by a teacher.

The school is THE SCHOOL

We were informed today that the police have charged the teacher and he will appear in the Magistrate's Court tomorrow.

The ABC was seeking a statement from the school. I helped modify the school's draft statement to be limited to a 'no comment' on the basis that the police were investigating. (Thanks John.)

The police said that the name of the accused will be disclosed at the court hearing.

FYI

Bernard
