my name is CKA, i was sexually assaulted by george parker in 1975. i complained to the church via laurence and got bent over. i went to the police and the church backed parker and i got bent over. i approached the church later and apart from john clearys help, i got bent over. i foolishly signed a privacy agreement. that means nothing to me. ive lost my wife, kids, housing, self respect and will to live. i approached the samaritans for help and was turned away. im living on the streets because of what the church has done to me. well guess what? im going to the media and im going to tell them everything i know. want some names? george parker, james brown, REDACTED, graeme laurence (the leader of the pack) REDACTED, peter rushton, paul rosser, peter mitchell (now theres a dark horse. who organised rosser and that idiot solicitor to fabricate the windale registry? who was overheard discussing the fact that they had beat me because of that?) ive got nothing left for you to take from me. its funny that you had the money to pay rosser but cant find the money to allow me to eat or sleep in a bed, and then mitchell slagged me off in the encounter (which laurence so kindly stuck under the door of my dying fathers door). so the bottom line is. sue me. knock yourselves out
