Report of Professional Standards Board.

My Dear Bishop,

This month marks the end of my term of appointment as President of the Professional Standards Board.

Given the time that has elapsed during my Presidency, I thought it appropriate that I prepare a report of the achievements of the Board during that time. I have done so and forwarded copies of it and a victim impact statement, with a forwarding letter to members of the Board and the Professional Standards Committee.

A copy of that report and forwarding letter is enclosed for your information and I request that they be disseminated to members of the Council for their perusal prior to the next Diocesan Council meeting. Should I be re-nominated as President, I will consent to that nomination.

Prayerfully, and wishing you all the best in your current deliberations.

Truth and Justice,

C.A. Elliott, President.
