concern

Have you been to police?

Apoc (?)

Where do you think we should go

No recognition of dark days

lack transparency

this what we're doing

and

accountability

Who's squashing who?

Paedophile networks

Feel it's a game

- what game?

Any collusion in that age

GS didn't mention anything. Why story re: Hickman?

... with today Australian front page story.

Feels has been used for info.

WD apologised for treatment by school re: ...

'In your matter I have taken advice from Dr Ian Broinowski' (friend)

(only conversations and communications)

AIMS

1. Validation not the only person abused
2. Make sure other people don't experience same thing.

Approached school.

Is the school prepared to see doesn't occur again?

Could it happen now?

- Less certain of this.

Feels more Q's than answers.

Lot of people out there probably angry about this.

think paedophile ring at school

No absolute proof Head down

Police interviewed – 2 boys

charges dropped – Lawrence – confessed

Outcome

Somebody to come onside (e.g. BP), lets sit down and look at past (60s) and needs some airing and result

would enhance reputation of school. Proposes the matter “why is it not/should not”

What was Broinowski’s involvement?

Feel ‘a pawn’ (AS wd)

Used if pursued with Dean w/out assistance would be further used

AS

1. Talk BP
2. Chancellor
3. RC for AOE an option

AOB

Get people together

- acknowledge what happened
- how can we see it doesn’t happen

Lots of angry people out there.

AOB :

- did contact John Kerr (deputy) re why DL left Hutchins

Said didn't say that info to Ian.

Highly likely something of that nature

Didn't say if had not spoken.

Reasons left out due to concerns

of BP – re: wife and headmaster

There is something like that

The boy at the time 19-20 yo

What's the deal about it?

Was a good man – why dig up/rake up old coals.
