Old boy from Hutchins – Prompted by headlines in last week’s Australian

- 1977 Inquiry – Allegation re past headmaster – 1960s

Saw Anne Foot – organised meeting with headmaster

Fobbed off

Finally saw W.D. – Rpt’d allegations re David Lawrence

At first WD didn’t want to know and then a turn around. Has apologised & offered counselling.

BUT

Person feels no real investigation & processing dealing with allegations/complaints re past abuse (& possible future).

Thinks there is a much bigger history than what is being admitted – not just his letter in Australian from AOA. Concerns about the history book being written.
