Dear +Robert

Greetings and Peace.

Trust that all is well with you. I have spoken to the removalists regarding the matter that we have been discussing in the last little while and have offered to them our apologies. I believe that this is where they would want the matter to rest. It was a rather embarrassing and difficult meeting and one feels again a sense of shame on behalf of the Church.

I am enclosing an interesting article sent to me by Senator Brian Harradine concerning some of the key issues that we have been concerned about.

It would be good to look at some of the issues that I wrote to you in my last letter in terms of the overall pastoral oversight of the person in question.

With many thanks for your assistance and help in this matter.

With every blessing, good wishes and prayers.

Yours sincerely

+Roger Herft
