To Ian Barrack's File
 From +Roger Herft
 Date Thursday 27 May 1999
 Subject **Meeting with DOCS**

I met with Joanne (Child Protection Officer of DOCS), Naomi (Police Dept),
 CKR and Peter Mitchell regarding Ian Barrack.

I introduced the reasons that had brought us to this meeting.

CKR took us through the matters raised in her notes including REDACT and REDACT's concerns.

After considerable discussion it was agreed that at this stage the Church authorities had gone as far as possible.

There was no need to discuss or inform Ian of the complaint made at this stage.

Any further progress needed to be initiated by CKU and at this stage it would be unwise to disturb his settling in process in REDACT School.

The issue of whether I should contact the Chaplain REDACT was raised.

I expressed some hesitation because of the close friendship between REDACT and Ian Barrack and also that it could be detrimental to CKU's welfare in the School. I was prepared to ring REDACT if it was considered to be the more appropriate course of action.

It was decided that CKR would make contact with the House Master in REDACT and reiterate that CKU should have contact only with CKR REDACT and REDACT. CKR will inquire if Ian Barrack has made any contact with CKU during this term.

CKR is to keep in touch with DOCS regarding any further developments.
