Dear Ian,

Thank you for your invitation at the recent Clergy Conference to contact you regarding further action for survivors of sexual abuse.

I think it would be helpful to re-assemble the group which met in October 1999 (i.e. the bishops of the Diocese, John Roffey, Andrew Luckhurst-Smith and myself) to review action taken so far and to set directions for future initiatives. I am currently planning a seminar for parents, families and supporters of survivors to be held in the Parish in mid-November. In view of this I think it would be best if the group met sometime during the week beginning 8th October. If you wish I can prepare a briefing paper for members of the group.

I look forward to hearing from you.

Sincerely,

Don Owers
