Subject: Synod motion

Don

The Synod steering committee has suggested two minor changes to your motion which it believes may save it from being amended on the floor:

clause 1 - "...people in this Diocese may have suffered sexual abuse ..." rather than "...people in this Diocese have suffered sexual abuse..."

clause 3 - 'Expresses its deep sorrow for any such harm that has occurred in or through the Church' rather than 'Expresses its deep sorrow that such harm should have occurred in or through the Church'

I'd be happy to talk with you about these suggestions. We need to sort out the final form today as the paper is going off to the printers.

Would you mind giving me a call when you have a minute?

Thanks

Phillip
