BYD [redacted] rang - 17/7.

(She had rung once before on 1/7 seeking an appointment to talk to the Archbishop, but wouldn't give her name or say what it was in relation to, so I encouraged her to write to the Archbishop. She didn't).

Says she has thought about it in the interim, and decided to tell me her name and the reason for her wish to talk to the Archbishop. It is in relation to her son and sexual abuse. She spoke to a contact person, Sue, possibly about 2 years after the contact person system was set up.

She doesn't think the system is working, and wants to explain the reasons to the Abp. This has nothing to do with litigation.

Her son is living at home at present, so when we ring and he answers the phone, just leave a name & number, not the reason for the call... **REDACT** He obviously doesn't know of her contact with SAH.

Thanks
Ruth
