13	Model Professional Standards Ordinance [at] 2004	2004	ANG.9310.01001.0193	<p>Adopted substantially. 28/10/2006, Adelaide Synod, at Resolution 53, passed the <i>Professional Standards Ordinance</i>. The explanatory Memorandum explains why there are variations to the Model Ordinance, as follows:</p> <ol style="list-style-type: none"> 1. Scope of matters that may constitute “information” for the purposes of the application of the Ordinance (see especially clause 2). The Ordinance uses the term “information” to describe what may be investigated under its provisions. The model Ordinance relates to sexual harassment or assault or sexually inappropriate behaviour. This draft incorporates a wider concept of “misconduct”. That is defined as an activity or deliberate or careless inactivity that <ol style="list-style-type: none"> (a) involves harassment or causes harm to a person’s physical, spiritual, emotional or financial wellbeing; (b) is carried out by a person in a position of power or authority over another for inappropriate gratification of the person or for the exploitation of the other person; (c) involves the exploitation of an office; (d) brings the Church or other relevant body into disrepute; or (e) involves an alleged process failure. <p>Adoption of an expanded definition was seen as being appropriate in the Report of the Sexual Abuse Working Group, and by the Diocesan Professional Standards Review Task Group. Other dioceses have adopted an expanded definition of “information” to suit their own requirements.</p> <ol style="list-style-type: none"> 2. It is proposed that the Professional Standards Director not be a member of the

				<p>PSC. This proposal is consistent with a recommendation of the Board of Inquiry (which was endorsed by the Diocesan Professional Standards Review Task Group). A series of amendments has been made to the model Ordinance to give effect to this proposal.</p> <p>3. The model provides that matters are referred to the proposed Professional Standards Board by the PSC. Clause 54 of this draft provides that the procedure for referring a matter to the Board shall be specified in the Protocol provided that the procedure has been approved by the Bishop. The draft Protocol sets out this procedure (see clause 11 of the Protocol).</p> <p>4. The draft includes a new Part setting out rights of review in relation to certain decisions of the Board (see new Part 8A). This issue has been raised in some dioceses and an appeals process was recommended by the Diocesan Professional Standards Review Task Group. The draft provisions are based on a scheme adopted in the Diocese of Brisbane. The review would be conducted by an experienced barrister. A matter would be subject to review on the ground (a) that there has been a breach of the rules of natural justice; (b) that there has been a failure to comply with a procedure under the ordinance; (c) that the Board has acted outside its jurisdiction; or (d) that the decision of the Board is so devoid of an plausible justification that no reasonable Board could have made it.</p>
