Mr Robert Caddies

Dear Robert

Thank you for your recent letter dated 26 May 2012 concerning the Professional Standards matters upon which the Supreme Court of New South Wales delivered judgment on 27 April 2012.

The Supreme Court matter has not yet been finalised because the Court is yet to make orders to give effect to the judgment. Further, the plaintiffs might file an appeal.

I am bound to follow required protocols whilst these Professional Standards matters remain to be finalized. I therefore am unable to enter into communication with you about the matter of your correspondence.

I do understand from your letter your concern and I appreciate your line of thought.

Grace and peace,

Brian Newcastle
