Dear Phillip

Bishop Keith contacted me after your meeting with him last week in regard to my report to you dated 1 May 2013. He called together all members of his Senior Leadership Team and we jointly reviewed the content of my report and the document you provided to him at your meeting.

As a result I have agreed to write to you clarify some points detailed in my report. These points of clarification are provided for your information but do not substantially alter my level of concern about how the NCCH claims have been handled in the Diocese of Grafton.

If you seek additional information please do not hesitate to contact me.

Regards, Anne

ANNE HYWOOD
Acting Registrar
Anglican Diocese of Grafton
