22nd December 2004

Telephone call from Sue Kreicers, one of the sexual abuse "counselors" or contact workers from Sydney Diocese.

She has been contacted by REDACTED, (0408 278 860) friend of CH who claims to have been abused by a Rev Allan Kitchingham, of the North Coast Anglican Home.

He is presently destitute, but has not been drinking or taking other drugs. REDACTED has him staying in her home.

He has asked for sufficient money to be able to pay the bond and rent for a month on a flat in Sydney whilst he obtains work.

I spoke to REDACTED for some time to ascertain the sincerity of the claim.

I spoke to Anne Skamp and peter Catt and have authorized electronic transfer of \$1600 to his account. .
