Dear Sirs

ANGLICAN DIOCESE OF GRAFTON AND NORTH COAST CHILDREN'S HOME

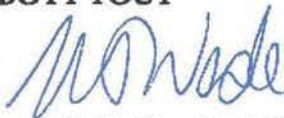

We refer to your letter dated 13 March 2006.

We have been acting for the Anglican Diocese of Grafton in connection with a claim brought rather hesitantly by one CH [redacted]. As explained to you we were instructed to act for the Diocese by its liability insurer EIG-Ansvar Limited. The policy that responded to CH [redacted]'s claim was one which contained a *claims made* extension for molestation claims. That policy is no longer current and whilst we believe the Diocese is still covered for liability by EIG, it is covered only on an occurrence basis. The period of *occurrence based* coverage post dates the last period of residency (namely 1975) foreshadowed by Nicol Robinson Halletts, in their initial letter dated 5 January 2006. Accordingly it appears that EIG-Ansvar Ltd policies of insurance will not respond to provide indemnity to the Diocese for these claims.

You may care to make further enquiries with Rob Stanley the national insurance manager for the National Anglican Church Insurance Scheme. Meanwhile if we can be of any assistance either generally or in connection with the CH [redacted] matter please do not hesitate to contact us.

Yours faithfully
ABBOTT TOUT
