April 1997

To who it may concern,

- ① first time was a lunch time, [BSB] took me up to KJL's office and told me ~~that~~ he was a very nice man, as he helped him with his family problems. (Grade 8)
- ② period 6 - KJL asked me to stay in his office while he gave [BSB] the relaxation tape. He only took [BSB] tie off. When [BSB] had gone back to class at the end of period 6, KJL asked me to stay in period 7 for the relaxation tape. He only took my tie off. He told me to come back.
- ③ When I came back the next time he gave me the relaxation tape this time he took my tie off and undid another button. He kept on telling me to come back until he got down to undoing the belt and zip.
- ④ After this I was receiving information back through [BSB] and some other people in the school that I had told KJL. [BSB] and I went to see KJL about it and all he would say was "I am not saying any more." I then shouted at him ~~that~~ "I don't want to come back and see you anymore because you are spreading private information across the school." I then walked out of his office.
- ⑤ One year later he came to Chapel, when it came to peace I shook his hand. When I was in history with SJA, KJL came down to the classroom and asked SJA if he could see me. I went outside to talk to him and he said that he wanted to make up. I thought about it for a while then I said ok. He then asked me to come up to his office at lunch time.

⑥ When I went up to his office at lunch time he said he wanted to see me ~~in~~ some time later on. When he saw me again he undid my shirt completely he then gave me the relaxation tape and then he pulled my pants down and made me masturbate myself. I said that I wasn't happy about it but he ignored me and told me I would be fine. I said after this I ~~it~~ didn't want to come back ~~he~~ then said ~~said~~ it won't happen again. He kept on telling me until the end of the year he said to me he would look forward to seeing me in 1997.

⑦ When I got back to school at the beginning of this year BSB told me Mr Lynch was dead. We then talked more about what happened to each of us we ~~then~~ pieced it all together and came to see Father George.
