~~GC~~

GC advised he is to see legal advisers today

PA advised that he thought GC's position was untenable

- Serious allegations about mishandling of abuse in S. Paul's school (details of allegations may need to be clarified)
- lied in eulogy (GC does not recall saying at funeral that Lynch died of heart attack)
- Schools now revising policies and procedures re abuse, work needs to be facilitated by schools office, GC can't really do that while allegations about own handling of issues at S. Paul's are unresolved.

If GC needs to distance self from position, a number of options exist

1. voluntarily stand aside
2. be stood aside involuntarily
3. terminate appointment on 3 months notice as per contract
4. reach some agreement on terms of resignation

PA GC to consult legal adviser and get back to PA.
