

FILE NOTE

BYG

In response to my letter to the Hobart police, I received a phone call from the Criminal Branch. There was a message left on my voicemail at 8.15am on Thursday 9 February 2006. The officer did not identify himself or leave any contact number; but stated that he had received the letter.

He said that the police are not able to act on the letter until they receive a complaint from BYG. BYG The complaint should be made through Taskforce Argos and the Taskforce will forward the information to Hobart.
