

Notes PA 16/3/02

28/2/02 BYF telephoned PA after media attention to sexual abuse in Brisbane + disclosed BYF had been abused by Daniels + Hawkins in Tasmania.
Indicated he had tried to talk with PA about it 20 years ago + PA hadn't listened.

This was first I had known of BYF abuse

BYF said incident at East D'port Rectory, Hawkins ruffled his hair. Told PA about. PA didn't take it seriously. No physical abuse by Hawkins at that time.

BYF acknowledges he never told anyone about his abuse by Daniels before he told his wife about it 2 years after they were married. BYF acknowledges he did not try to tell PA about abuse by Daniels prior to phone call on 28/2/02.

BYF said that tried again at Montgomery Park to ~~talk to~~ start conversation with PA about abuse.

BYF recalls - one night calling out in sleep 'No. No.'
PA mentioned this next morning.

BYF ~~started to talk about~~ "you know the" tried to open up subject of his abuse
PA didn't pick up cues + didn't pursue discussion

PA cannot recall any of this at all.

BYF never openly, directly, ~~dis~~ clearly disclosed to PA that he had been seriously, sexually abused, prior to phone call on 28/2/02

Earlier attempts were round about, indirect, unclear
PA did not pick up any cues that were there.

From first PA knows of disclosure of serious abuse, appropriate steps were taken.
