~~PA provided~~

Cynthia copied notes and letter to [BYF] from PA of 13 March 2002

Cynthia already had copy of letter to + John Herrower from PA of 13 March 2002

PA said he had intended to confirm by letter his conversation with [BYF] on Sat 16th March, confirming his indication that if [BYF] wanted to make a complaint about PA he should feel free to do so.

PA reported that he had been requested not to do so by Beryl Carmichael who had said that was also the advice of Audrey Mills.

PA said that in the light of that he was now considering writing to Beryl to confirm that he had intended writing to [BYF] in the above terms but now would not do so as a result of Beryl's request not to do so.
