

22/3/02: BYF rang 2130.

Told me he'd been told not to talk to Phillip but wanted P to know that:

① | meeting c | assessors went well  
They asked for all details of abuse including "nitty-gritty"

② Ass asked if he knew of others whom LVD may have abused. He said he had then contacted another person who claimed LVD had abused him. BYF told Ass. of this - they advised him to encourage | person to complain

③ BYF said this furthered his resolve to pursue | complaint.

④ BYF was told by Tas that there is another complaint ~ G.H about to go to Tribunal. BYF may be included on the same day.

⑤ Tas told BYF that if he wants to pursue complaint ~ Phillip it goes to the Primate. BYF said he did not want this & hadn't realized the implications of mentioning Phillip. He said he had told | assessors that Ph. was just like him - and had nothing to do with the abuse. He did not want to pursue complaints ~ Phillip.

⑥ Overall, he feels good about the way things are progressing.

- support from Tas

- the assessors' dealings with him

- improved relationship with his father.
