

11 April 2002

4 pm Telephone call from Garth Hawking.

TPA received call.

Informed GH that he had been requested by authorities in Tasmania not to have any conversation with anyone in Tasmania in relation to any investigations that were underway. So if call was about those investigations PA would respect that request.

GH said he would like to know whether PA was there on the night in question.

PA said he couldn't speak about anything related to the investigation.

GH said he understood that.

GH said that if PA was asked to sign anything in relation to this he should write it on a blank piece of paper and sign it 'Phillip' so as not to compromise his position as Abp of Brisbane.

PA thanked GH for his advice.

4.06 pm End.
