BYF

Telephoned 6.25 pm.

Informed PA that Amanda Gearing had telephoned him investigating PA. PA ^{BYF} was very angry, livid, told Gearing 'How dare you bring me'. Told her to get lost. AG was very nice. AG suggested to ^{BYF} that PA had removed John Elliot from baby orders by mutual agreement because PA didn't want the matter to go to a tribunal where things would come out. PA wanted the matter kept quiet. ^{looking for information}

PA told ^{BYF} of AG's questions to him in recent days - about PA's knowledge of Daniels, Brandenburg, Elliot, Hawkins and REDACTED

BYF

said that because PA knew them all, they were CEBS leaders + PA was a CEBS leader too therefore PA must be involved too - that was AG's logic and it didn't make sense.

PA said that the idea of a network in CEBS had been floated in a state line program in Tasmania earlier in the year.

BYF

asked PA about when ^{BYF} said PA sent him into Hawkins bedroom. Did PA just not recall doing that or was PA saying he didn't do it.

PA said he didn't do it. PA said he found the whole idea of sending someone to share someone else's bed bizarre. PA just wouldn't do it. Hadn't ever done it and wouldn't.

BYF

said PA exerted some kind of power over him. Cited the incident of the ~~pub~~ concert at a camp on one occasion.

Punch line was 'Some men chanted evening'.

BYF

had to deliver the punchline. Says now that he

didn't want to do it, that he voiced protests, but that PA made him do it. He got it wrong, felt humiliated but PA made him do it. That demonstrates some kind of power PA had over him.

BYF [] said some thing was happening when PA sent him into Hawkins bed.

PA said he thought the whole idea was bizarre.

BYF [] said he had filed a writ against Diocese of

Toronto and all this would come out in court. BYF [] asked whether sex abuse hearings were open to the public. PA said I think so.

PA said that BYF [] had to tell the truth as he remembered it and that PA had to do the same.

BYF [] said he didn't believe that PA had any intent that BYF [] would be harmed when PA sent him into Hawkins' bed. If BYF [] thought there was any intent he wouldn't be speaking to PA now.

BYF [] said Gearing was looking for anything on PA.

Earlier on in conversation BYF [] said he had no doubt at all that Stephen Fisher had contacted AG and fed her information.
