Hi Marita

Re: Foster group of claims settled by CORRS last year for \$750,000 plus costs

We have paid (according to the agreement 50% of all costs to date) \$375,000 settlement, 29,584.35 (50% of CORRS legal costs) and \$61,000 (50% of the plaintiff's legal costs) - note we had the plaintiff's costs taxed and assessed at \$122,000.

Ted forwarded a further invoice for medicals and some educational expenses (on his spreadsheet) totalling some \$69,397.82 (see below).

Today I received tow discs of invoices totalling \$54,274.62 for medical, taxi, pharmaceutical and counselling costs.

☛ I propose we pay 50% of this total with a letter advising this would be the final payment on this matter.

Do you agree?

Regards
