2-6-86

Dear Bishop,

I need to bring you up to date with my movements.

I finished up fairly exhausted after the two months at Forestville. Almost like starting a new parish off - winning back parishioners and bringing the parish from Trent to Vatican II.

I set off from Sydney Wednesday morning with a loaded car and trailer, but broke a rear shocker near Cobar Wednesday night. Had to stay in Cobar a couple of days waiting for parts to come by bus from Sydney.

The six weeks will pass too quickly here at White Cliffs. I will at least be physically fit after the digging, wheelbarrow work + building of my student. I wrote to Frank Madden and told him to expect me on July 11th.

I missed out on a final meal with the students at St Paul's, but I intend to go to Sydney in a couple of weeks to get another load of my belongings so I'll see them then.

Regards

Gene Riddell
