Patrick

We will reimburse travel from REDA to Brisbane I think it would not be reasonable to be stingy and as REDA is about 900 kms from Brisbane CCI will pay for a return air ticket for Mr DG only, upon receipt of an invoice which we will be prepared to pay without outlay to Mr DG i.e. the airline can bill CCI directly. We would also be willing to pay for a taxi to and from the airport upon production of receipts. If we insist on train or car we will need to pay for overnight accommodation which will be more expensive.

I do not intend to proffer any reports to the plaintiff's lawyer particularly without seeing them first or providing any referral letter. If they insist they can go and jump and try and get an extension and have no hope of a red cent coming their way. Should they get 'shirty' you might want to point out the virtually impossible task they will have of getting over this one. Besides the connection between cause and effect knowledge being earlier to 1994 when in marital therapy, the alleged offender is deceased.

thanks
Karen

Dear Karen,

I have today received a response from Sarah Loughnan of Bill Cooper & Associates.

They have agreed to their client being examined by Dr Chalk on 6 February, but have attempted to stipulate some requirements.

First, they want us to "make and pay for the necessary travel arrangements" for their client to travel from REDACT and Brisbane and return. (Perhaps we should simply agree to reimburse them for the cost of a return train fare).

Secondly, they "require a copy of Dr Chalk's report together with (our) referral letter and any additional material referred to Dr Chalk to be provided to (them) once Dr Chalk's report is available". (I see no reason

why we should agree with this, although they have provided us (actually Carroll & O'Dea with the report of Louis Salzman).

Could you please give me the necessary instructions (either by phone or return e-mail), so that I can finalise the arrangements urgently for the 6 February appointment.

Kind regards,

Patrick Monahan
