Dear Brian,

Fr. Bob Nink rang to discuss with me his authority as "dean" to oversee the packaging of materials to be sent to Father Pickering in England. Already some boxes have been filled. He has some feeling that parochial property could have been packed. He would be prepared to provide in writing some authorisation.

I therefore decided to appoint Father James Briglia as Administrator of the parish from Monday, 31st May, 1993. He is happy to take up the appointment. Ron Pickering left signed cheques prior to his departure; I believe that it is important to have his signature cancelled as soon as possible. Father Jim Briglia's signature could be authorised and he can attend to urgent business matters prior to his taking up residence. I would be grateful if Mr. E. Exell could attend to that matter.

Father Jim Briglia will visit tomorrow, Monday, the people who are attending to parochial business and to the house. He will then ascertain if it is necessary to put into operation the offer of Father Nink.

I would be grateful if you would attend to putting the various issues relating to this change of scenario into effect. Very many thanks. I will be home through the afternoon. Warm regards also to Audrey.
