I want ask for release, provided that  
I be given a reasonable pension.

You know well that I have hurt you  
but you might comprehend that you have  
no will, hurt us more.

You are . if you can achieve your  
potential Architect of the present  
& near future Church of Melbourne  
The immediate present is a 'Bloody  
Disaster' at your hands & those of  
the perverse establishment you  
have either promoted or permitted to  
continue.

This is not a resignation: It is  
a statement of position & purpose  
I crave your very rare Confidentiality  
Yours gratefully & sincerely
