My dear Archbishop,

Frutoet is correspondence to prove that, by one means or another, my apostolate is questioned & by transfer repudiated. For several years, Gardenvale & Mentone parishes were 'out of bounds' to seminarians at Clayton. Now, a Norbertine student, until recently resident at S. Dominics, O.P., Camberwell, is, it seems, no longer welcome there by reason of association here.

Dear friend, I have had a belly full of accusations — Ron is still an Anglican reactionary; preferri — priviled; surrounded by an aroma of homo-sexuality; a superior bastard; etc., etc!! I have heard it all.

I am about to sever — as I have seen severed. My detractors have charged me with the worst offences. Jesus gave up at 33. I am 61 & equally tired of duplicity.
