Confidential Questionnaire

CCI are dealing with matters where allegations have been made against members or former members of your Religious Institute/Diocese. In some cases a claim for compensation has already been made, whilst in other cases claims have not yet been made but are threatened or anticipated.

IMPORTANT: After having made all possible enquiries please indicate on WHAT DATE did any individual in authority (whether that individual is still in a position of authority or not) first become aware of any allegations of sexual assault or impropriety either criminal or not by the alleged offenders? The allegations may have been written or verbal and may have been made by the Police, Clergy, Members of Religious Institutes, students or former students, or any other person. The allegations need not have been specific as to the type or level of assault or impropriety. Your answers will enable CCI to advise you on whether or not indemnity is available under a policy of insurance.
