Mayor concerns were regular visits by Seanson to boys toilet in school (note staff toilets were next door & Seanson's own toilet was but 5 metres away in presbytery)

When I queried his use of boys toilets he said as manager he had the right to look at the toilets — on one occasion a male staff member, Simon Stack, alerted me that Seanson had entered the boys toilets and had his belt undone — I proceeded to boys toilets — Seanson was doing up his belt coming out of a cubicle — I could see no boys from where I was — he passed off his presence as "I am checking the tiles in the urinal and the state of this place" — he left.

The other boys —
