

Memo to Father Doyle  
 From Joan Power  
 Re Doueton

Tom,

Alan Doyle called in today (2/5/85) to report the following which has occurred at Doueton over the past couple of days.

- (i) A mother phoned Alan to report that her Gr. 6 daughter who is REDACTED was spoken to by Fr. Scarsion on the playground yesterday about her size. He tickled her stomach and made remarks to another oversize girl saying - Don't you ever look at yourself in the shower.

The first girl was the same one whom Father had cuddled in the sanctuary in February.

- (ii) A teacher who was preparing children for Reconciliation saw that one child was quite upset. The teacher enquired why and was told that Father she didn't want to go to Confession because of Father - he always wanted her to sit on his knee. The teacher advised the child to tell Father she didn't want to sit on his knee again and if she felt uncomfortable to come out. - This she did and it then came out that Father had been sitting her on his knee ever since her 1st Reconciliation.

Thank you  
 Joan Power
