I feel very uncomfortable. I think father is a very disturbed man. I think he is gay maybe. We are all very scared because we don't know where he is going to touch us next. He might touch us, you know where. It is unfair to us because this is abuse. Mrs Fernandez doesn't believe us. Please talk to her. Father may help. Father could sexually abuse us. He is dangerous.

I don't feel comfortable serving, and I hope that we will replace him, I do not like him at all. Last year when I was serving I thought he was cool, but when I got to grade 6 he was unfriendly and he goes and makes friends with the grade 5's and uses them to serve and when they get to grade 6 father does not know them. When father asked if we wanted to serve, and if you don't you don't have too.... And when we didn't reply father rang up mum and asked her "Why isn't your son serving" My mum said "I don't know" Father said "REDACTE I think that you and your son should come to my place for a cup of tea and talk things over as to why your son is not serving" and my mum said I'll think about it. Then my mum asked me if I wanted to go and I said know way Ho Sa. Mum then asked if he had sexual contact with me and I said mum if he did I would have told you by now. Then there was the time in the toilet just when I was finished, I was just about to walk out and father was speaking to me and asked me if I wanted to serve or not and I said no. Sometimes I think he is a homosexual.

We need <sup>more</sup> people to believe us.  
 I think he is going to do this when he likes to the next grade six. He is nice to you when you are in grade five and then he is bad. Although he was really good to you but then I found out. I hope we can do something about it.
