Dear Bishop Murray,

I am writing to request permission to organise the usual four-day camp for Altar Boys and ex- Altar Boys at Wogglemai Camping Centre, near Picton. The projected camp will be the fifth such activity; already almost three hundred children have attended these activities.

The projected dates are Tuesday 5th until Friday 8th July, the second week of the school vacation. As usual, the basic format would be sport, games and competitions, with regular prayers, daily Mass and a morning religious instruction class each morning, in age groups.

As with the recent successful Summer Safaris, I would envisage being at this activity for part of the time, with supervision by the experienced team which has been built up, under the direction of Fr Bernard Gordon. You will note that this activity does not require absence from parishes on any weekend.

I hope that you will give your approval for this worthwhile activity again this year so that planning can begin.

Yours Sincerely,

*Fr J G Nestor*
