FROM: HGH  
RE: MARIST BROTHERS AND FOSTER  
MATTER No.: DG

---

Attending today (8 May 2000) at a meeting involving Lisa Clark and Paul Gamble.

The offence occurred between 1971 and 1973 at REDACTED College REDACTED

AB24 was notified during the special issues era.

It was a case where there was knowledge of a propensity on the part of the brother and that may knock us out from a special issues viewpoint.

I informed CCI as to where we are up to in terms of speaking with the Plaintiff.

It was agreed that this matter would go somewhere at some stage but it's up to the Plaintiff to initiate matters in all probability.

Later on I spoke to Brother Michael Hill who's meeting with DG.

He confirmed that Brother Foster took his life on the day he was due to stand Court.

Greg Walsh has papers.

There were admissions of guilt made by him.
