Morning Joe,

With some repetitions - sorry - here is information re DK [redacted] and especially Br Anthony Hunt. Hunt is the man I am sure DK [redacted] is referring to in the infirmary incident even though at this stage HE HAS NOT NAMED HIM. He says he will tell us Tuesday. Here's hoping. Also attached is a detailed chronology re Hunt. There had been two issues with him raised before and you will see the dates. The first re DN [redacted] was cleared with everyone including the family as a misunderstanding. The second was regarding a present Brother DM [redacted] DM [redacted] who claimed (in 2003) mistreatment as a trainee which Hunt initially denied but later acknowledged a problem but DM [redacted] by then would not communicate. Hunt now works in Rome under supervision. Any questions let me know Joe.

We are trying to get the report (DK [redacted]) back from Harvey Whiteford as I write.

Alexis
