

3rd August, 1978.

Dear Rom, (Cable)

Welcome to Ashgrove and I am sorry to greet with you a copy of the Ashgrove report! I just thought you might be interested in some of the things that we talked about at the visitation which occurred at the end of July. No doubt I shall have already spoken to you before you get this little letter but I just want to again wish you God's blessing and grace on your new appointment at Ashgrove. I am sure that both the monks and the boys will feel the benefit of your months at Fribourg.

May God bless you.

Yours fraternally in J.M.J.,
