**Subject:** Thanks - contact with [DK] in progress.

Dear Jeff,

I have now been back at Lololima since Tuesday. My arrival coincided with the feast of St Martin de Porres, our patron, so it was kava with traditional laplap, rice and "soup" in the nakamal for the first meal. A great way to begin the last phase of my time here. The Brothers are in good form. I have passed on your regards. There is only another week to go for the boys, so I have been interviewing them about their plans for next year. In Classe II there are two have very clear ideas about being Marist Brothers FMS. They both look reasonably good prospects, they are 18 years old, but both have still to do Years 11 and 12, which they will do at Montmartre while being housed in the Foyer Julliard. Many things can happen in that time. On verra.

Thanks for [DK]'s email address. I have just sent him an email to initiate the contact. I'll keep you posted as things unfold.

On present plans I will stay here until 6th December, see the skin doctor in Brisbane on 9th, my psychiatrist Dr Canaris in Sydney on 11th to touch base, attend the Convocation, and then move to Douglas Park for the retreat 15th - 21st December. After that I expect to be around Sydney for a while.

That's it for the moment. All the best, and thanks again for your support.

Anthony
