CONFIDENTIAL

Dear Brother Alexis:

As part of our Continuing Care program, I recently had the chance to visit with Brother Gregory Sutton in Chicago, IL. During my stay, we met with Greg's current therapist. Prior to my visit, Greg and I have been in monthly phone contact. I would like to share some of my observations of Greg's progress here. However, I must note that Greg has given me restricted permission regarding what I may share with you. I will limit my comments to areas included in Greg's Departure Covenant, formulated before he left Southdown.

As I am sure you know, Greg seems to be doing quite well in his MBA program. He also seems comfortable with his local community.

Greg has made a good connection with his therapist, which enables him to keep focused on issues he began to deal with while here. Greg has found a spiritual director and is also involved in a few groups which provide both support and social contacts. From all indications I have from Greg, he has had no unsupervised contact with children, as was recommended before he left Southdown.

Overall, Greg seems quite happy. I have found him to be quite open in his sharing with me during these past months. I will continue to be in contact by phone with Greg for the next two months. Since I will be leaving the Southdown staff at the end of April, Greg will pick up contact with my successor for the remainder of his time with Continuing Care. Meanwhile, if I can be of any help to you on Greg's behalf, please do not hesitate to contact me.

Sincerely,

Arleen Kisiel, OP
