Rev. Bro. T. B. Garvey

My very dear Br. Provincial,

In reply to your letter of the 20th inst. I wish to repeat as I did at the time of visitation, that the boy is telling an untruth. I do not know what else I am able to say on the matter. I do not know who the boy was and I deeply regret any anxiety and concern it has caused you. Wishing you good health and every blessing I am,

My very dear Br. Provincial
Your aff. Brother
