PARKVILLE. VIC. 3052.

Dear Paul,

Greetings to you from Perth, and welcome home from Tanzania. I look forward to seeing you in Narooma next week.

I have enclosed with this letter a draft Terms of Reference for Barry Coldrey's assignment in our Province next year. I am mindful of advice given to me by Frank Chappell last year to ensure as far as possible that the terms of reference were clear and precise. We probably need to do some further work in that respect, but I would like you to offer some reaction to the present draft. After that, we will re-write the terms of reference and send a copy to Barry so that when we meet at the end of January, he will have given consideration to the terms of reference in which he will be operating. So I would appreciate some time Paul, your reaction to what we are proposing.

With sincere good wishes,

Yours fraternally,

Br. G. T. Faulkner.
Provincial.
