Sister Helen said that she had made contact with Mater Dei Ltd to obtain information regarding an incident that occurred in one of the cottages and which might become matter for a claim under Ethical Standards Liability Insurance. The matter had already been referred to Carroll & O'Dea who had written to Catholic Church Insurances on 12th and 26th April 1994 giving details and files on the incident. In terms of the protocol developed for such matters Sister Clare undertook to make contact with Catholic Church Insurances regarding this incident.

Sister Helen will make contact with all schools to ascertain whether there are any similar incidents which require documentation for insurance purposes.
